

The Office Of
Father Christmas

THE CHRISTMAS GROTTO
JINGLE BELL WAY
THE NORTH POLE

Dear

I was most pleased to receive your wonderful letter. Ho ho ho! Thank you for taking the time to write to me.

I can't believe it has been a year since I last visited you. I do love making my annual trips and seeing all the magic of Christmas myself.

Rudolph and his reindeer friends have been having a well deserved rest, but they are excited about pulling the sleigh again this year, full of all the gifts for all the girls and boys across the world.

I have been checking up from time-to-time and I can see that you have embraced the spirit of Christmas.

Mrs Clause, the elves and I must now continue our preparations here at the North Pole workshop. We still have much work to do. And I have a list to check - twice!

Wishing you the most magical and merry Christmas, your friend -

Father Christmas

December 2023
